

## Medical Station Guacalito de la Isla

Guacalito de la Isla, June 2022

1. Guacalito de la Isla will have a Medical Station that will offer basic emergency attention on a daily basis from 8:00 am to 5:00 pm. It will also offer medical services with onsite doctors on a special schedule: 5:00 pm to 8:00 am.
2. Starting on Wednesday, June 15, 2022, the Medical Station will be at Guacalito de la Isla Administration Offices that are located 800 meters west of the entrance to the Service Road. However, the doctor might not be at the station at the moment his services are needed. The doctor should be called prior to taking the patient to the station so he/she can inform where he/she can be located to be able to attend the patient as soon as possible.

5. The cost of the medical attention during the regular schedule (from 8:00 am to 5:00 pm) is U\$60 plus taxes and during the special schedule (5:00 pm to 8:00 am) is U\$100 plus taxes. Prescription medicines and medical disposable materials costs are not included. They will be added to your account according to the established prices.
6. The homeowner that requests the medical attention service must register a credit/debit card with the condominium manager to be able to make the appropriate charges.
7. After the medical attention service, the duty doctor will give the patient the original receipt with the breakdown of the charges. A copy of the document will be sent to GDI's accounting area to bill and proceed to debit.
8. The families that are economically supporting this initiative will receive free service. If you are interested in being part of this support group, please contact your condominium manager for additional information.
